Administrative Conditions

All Administrative Conditions Remain the Same

Programmatic Conditions

Programmatic Condition No. 1 has been Revised and No. 15 has been added. All Other Programmatic Conditions Remain the Same.

1. AUTOMATED STANDARD APPLICATION FOR PAYMENTS (ASAP)

The New York State Department of Environmental Conservation (NYSDEC), acting on behalf of the State of New York, agrees to accept payment from the United States Environmental Protection Agency (EPA) with funds to be made available from the FY 2011 Title VI allotment pursuant to the Clean Water Act, as amended, (the Act), in accordance with the below payment schedule established under Section 601(b) of the Act and will deposit all such payments into the State Revolving Fund (SRF) in accordance with Title VI. Payments, cash draws and disbursements are defined and in accordance with the Initial Guidance for the State Revolving Fund pursuant to 40 CFR Part 35 Subpart K and the Operating Agreement.

As per EPA's publication, EPA 430/09-88-009, dated July 1988, entitled, "Letter of Credit, How is it Used in EPA's State Revolving Fund Program", a payment in the SRF Program is an action by EPA to increase the amount of funds available for cash draw in the Letter of Credit (i.e. the ceiling). Through a payment, the EPA makes funds available to the State up to the amount of the capitalization grant. A payment is not a transfer of cash to the State but only an authorization making funds available for transfer to the State when a cash draw request is submitted. A payment schedule, indicating the timing and size of the payment or payments to be made will be entered into between EPA and the State. It will be based on the State's projection of binding commitments, the rules for cash draws and the use of the funds.

In consideration of the above, payment from the ASAP shall be made in accordance with the following schedule. Future cash draws may not exceed the amount shown below:

<i>\$218,148,006 (Projects)</i>	<i>September, 2011*</i>
<i>\$9,089,500 (Administrative)</i>	<i>September, 2011*</i>

*** Upon receipt and acceptance of Grant Agreement**

\$218,148,006 is a cumulative ***Projects*** total based upon 96% of funds:

- \$156,473,280 (CW-SRF base funds), and
- \$ 61,674,726 (CG funds)

\$9,089,500 is a cumulative ***Administrative*** total based upon 4% of funds:

- \$6,519,720 (CW-SRF base funds), and
- \$2,569,780 (CG funds)

15. ENVIRONMENTAL RESULTS

In accordance with 40 CFR § 35.3165 or § 35.3570, as applicable, the recipient agrees to provide in its Annual or Biennial Report, or in its Annual Reviews, as applicable, information regarding environmental results in the following areas:

- a. Achievement of the outputs and outcomes established in the Intended Use Plan and set-aside work plans;
- b. The reasons for delays if established outputs or outcomes were not met; and
- c. Any additional pertinent information on environmental results.

Programmatic Conditions

All Programmatic Conditions Remain the Same with the following exceptions:

Programmatic Condition No. 1 is updated to reflect the following:

1. AUTOMATED STANDARD APPLICATION FOR PAYMENTS (ASAP)

The New York State Department of Environmental Conservation (NYSDEC), acting on behalf of the State of New York, agrees to accept payment from the United States Environmental Protection Agency (EPA) with funds to be made available from the FY 2011 Title VI allotment pursuant to the Clean Water Act, as amended, (the Act), in accordance with the below payment schedule established under Section 601(b) of the Act and will deposit all such payments into the State Revolving Fund (SRF) in accordance with Title VI. Payments, cash draws and disbursements are defined and in accordance with the Initial Guidance for the State Revolving Fund pursuant to 40 CFR Part 35 Subpart K and the Operating Agreement.

As per EPA's publication, EPA 430/09-88-009, dated July 1988, entitled, "Letter of Credit, How is it Used in EPA's State Revolving Fund Program", a payment in the SRF Program is an action by EPA to increase the amount of funds available for cash draw in the Letter of Credit (i.e. the ceiling). Through a payment, the EPA makes funds available to the State up to the amount of the capitalization grant. A payment is not a transfer of cash to the State but only an authorization making funds available for transfer to the State when a cash draw request is submitted. A payment schedule, indicating the timing and size of the payment or payments to be made will be entered into between EPA and the State. It will be based on the State's projection of binding commitments, the rules for cash draws and the use of the funds.

In consideration of the above, payment from the ASAP shall be made in accordance with the following schedule. Future cash draws may not exceed the amount shown below:

\$186,656,058 (Projects)		August, 2011*
\$ 7,777,336 (Administrative)		August, 2011*

* Upon receipt and acceptance of Grant Agreement

Programmatic Condition Nos. 11 through 14 are added as follows:

11. PURCHASE OF COMPUTER SOFTWARE AND HARDWARE

New York State Department of Environmental Conservation (NYSDEC) shall not incur any costs, *with a unit cost in excess of \$5,000*, associated with the purchase of computer software or hardware under this agreement until the required specifications and justifications for such equipment are submitted to and approved by the EPA Project Officer and EPA Region 2's Information Systems Branch

12. EQUIPMENT

For any items of equipment costing \$5,000 or more, a justification as to the need for purchasing the equipment is to be included and the EPA Project Officer must approve the planned purchase before such costs can properly be charged to the grant.

13. DISPOSITION OF EQUIPMENT AND SUPPLIES

NYSDEC shall comply with the disposition of any equipment and supplies approved under this grant in accordance with 40 CFR 31.32 and 31.33.

14. Required Grant Conditions from HQ's Guidance in Implementing Provisions of EPA's Fiscal Year 2011 Full-Year Continuing Appropriation Affecting the Clean Water and Drinking Water State Revolving Fund Programs.

1. The recipient of funds for the State Revolving Funds from P.L. 112-10, the FY 2011 Full-Year Continuing Appropriation, agrees to comply with all requests for data related to the use of the funds under Subchapter VI of the Clean Water Act (CWA) or Section 1452 of the Safe Drinking Water Act (SDWA), and to report all uses of the funds no less than quarterly, as EPA specifies for the CWSRF Benefits Reporting database and the Drinking Water Project Benefits Reporting database. This reporting shall include but not be limited to data with respect to compliance with the Green Project Reserve and additional subsidization requirements as specified in the FY 2010 Interior and Environment Appropriation Act and the Conference Report (H. Rpt. 111-316) and as outlined in the FY 2011 Procedures document, and other data as necessary to carry out the authorities cited in this Grant Condition.

2. In accordance with 40 CFR 31.40, 40 CFR 35.3165, and 40 CFR 35.3570, the recipient agrees to provide in its Annual Report information regarding key project characteristics, milestones, and environmental/public health protection results in the following areas: 1) achievement of the outputs and outcomes established in the Intended Use Plan; 2) the reasons for delays if established outputs or outcomes were not met; 3) any additional pertinent information on environmental results; 4) compliance with the Green Project Reserve requirement as outlined in the FY 2011 Procedures document; and 5) compliance with the additional subsidization requirement as described in the FY 2011 Procedures document.

3. Preamble:

The 2011 Full-Year Continuing Appropriation to the CWSRF and DWSRF programs requires that a portion of the capitalization grant funds be used to provide additional subsidization, while relying on the purposes of the Funds in their underlying acts.

The application of the additional subsidies – in the form in which they are authorized in the FY 2011 Full-Year Continuing Appropriation – to the base SRF programs raises important issues for the underlying SRF programs. While the DWSRF program has since its inception offered discretion to States to provide additional subsidization, that authority was closely circumscribed by requirements that communities assisted meet the State's definition of "disadvantaged," and that the subsidies provided in any year could not exceed 30 percent of the capitalization grant. In contrast, the FY 2011 Full-Year Continuing Appropriation requires States to provide a minimum of 30 percent up to the entire amount of their DWSRF capitalization grants as additional subsidies. For the CWSRF, not less than 30 percent of the States total capitalization grants that exceed \$1,000,000,000 must be used for additional subsidies. For both programs, additional subsidies can be provided to "any eligible" recipient of SRF assistance, although priority for additional subsidies should be given to communities that could not otherwise afford eligible projects (see section 3b).

Moreover, the similar provision in ARRA was in a one-time, supplemental appropriation that was in addition to the base SRF program appropriation for FY 2009. The additional subsidization provision in FY 2011 comes in the appropriation for the base SRF programs. By authorizing States to provide up to 30.89 percent (CWSRF) or 100 percent (DWSRF) of the base SRF program capitalization grant in additional subsidies, this FY 2011 provision contemplates the possibility that, for the first time, only a portion or none of these base program capitalization grant funds will be repaid into the State Revolving Funds.

Under these circumstances, in which a large amount of base program capitalization grant funds will not revolve, it is prudent to include additional specifications in the capitalization agreements with States that ensure that the subsidies are funding infrastructure that is sustainable (not enabling the expansion of centralized infrastructure to accommodate growth while failing to adequately repair, replace, and upgrade infrastructure in existing communities who are not otherwise able to afford such projects). Section 602(a) of the CWA and section 1452(a)(3)(A)(i) of SDWA gives the authority to add such specifications to the capitalization grant. CWA Section 602(a) specifies that the "State shall enter into an agreement with the Administrator which shall include but not be limited to the specifications set forth in subsection (b)..." SDWA Section 1452(g)(3)(A) authorizes EPA to publish guidance "to ensure that each state commits and expends funds allotted to the State under this section as efficiently as possible." Therefore, EPA is adding a grant condition to all FY 2011 CWSRF and DWSRF capitalization grants.

a. The recipient agrees to use funds provided by this grant to provide additional subsidization in the form of principal forgiveness, negative interest rate loans, or grants, in accordance with P.L. 112-10 as follows:

(1) Clean Water State Revolving Fund capitalization recipients agree to use at least 9.27 percent, and no more than 30.89 percent of the funds provided by this grant to provide additional subsidization in accordance with P.L. 112-10. (For the exact amount, see Attachment 3 to the 2011 Procedures.)

(2) Drinking Water State Revolving Fund capitalization grant recipients agree to use at

least 30 percent of the funds provided by this grant to provide additional subsidization in accordance with P.L. 112-10.

b. Priority for additional subsidies should be given to communities that could not otherwise afford such projects. To further ensure sustainability of projects receiving additional subsidies, these subsidies should be directed to: 1) repair, replacement, and upgrade of infrastructure in existing communities; 2) investigations, studies, or plans that improve the technical, financial and managerial capacity of the assistance recipient to operate, maintain, and replace financed infrastructure; and/or 3) preliminary planning, alternatives assessment and eligible capital projects that reflect the full life cycle costs of infrastructure assets, conservation of natural resources, and alternative approaches to integrate natural or "green" systems into the built environment. The recipient agrees to provide in its Annual Report an explanation as to how they did or did not address this provision.

4. The recipient agrees to make a timely and concerted solicitation for projects that address green infrastructure, water or energy efficiency improvements or other environmentally innovative activities. The recipient agrees to include in its IUP such qualified projects, or components of projects, that total an amount at least equal to 20% of its capitalization grant. If there are not sufficient qualified projects or components already in the IUP that total 20% of the FY2011 funds available, the recipient agrees to conduct additional solicitation, to amend its project list to include any such qualified projects thus identified, and to provide not less than 20% of such FY 2011 funds available to such projects on its amended project list. If there are not sufficient qualified projects or components on the amended project list after such additional solicitation, the recipient may if necessary submit a waiver request to EPA in accordance with the FY 2011 Procedures.

5. Wage Rate Requirements:

CWSRF: The recipient agrees to include in all agreements to provide assistance for the construction of treatment works carried out in whole or in part with such assistance made available by a State water pollution control revolving fund as authorized by title VI of the Federal Water Pollution Control Act (33 U.S.C. 1381 et seq.), or with such assistance made available under section 205(m) of that Act (33 U.S.C. 1285(m)), or both, a term and condition requiring compliance with the requirements of section 513 of that Act (33 U.S.C. 1372) in all procurement contracts and sub-grants, and require that loan recipients, procurement contractors and sub-grantees include such a term and condition in subcontracts and other lower tiered transactions. All contracts and subcontracts for the construction of treatment works carried out in whole or in part with assistance made available as stated herein shall insert in full in any contract in excess of \$2,000 the contract clauses as attached hereto entitled "Wage Rate Requirements Under FY 2011 Full-Year Continuing Appropriation." This term and condition applies to all agreements to provide assistance under the authorities referenced herein, whether in the form of a loan, bond purchase, grant, or any other vehicle to provide financing for a project, where such agreements are executed on or after October 30, 2009 and before October 1, 2011.

GENERAL COMPLIANCE, 40 CFR, Part 33

The recipient agrees to comply with the requirements of EPA's Program for Utilization of Small, Minority and Women's Business Enterprises (MBE/WBE) in procurement under assistance agreements, contained in 40 CFR, Part 33.

FAIR SHARE OBJECTIVES, 40 CFR, Part 33, Subpart D

A recipient must negotiate with the appropriate EPA award official, or his/her designee, fair share objectives for MBE and WBE participation in procurement under the financial assistance agreements.

Current Fair Share Objective/Goal

The dollar amount of this assistance agreement is \$250,000, or more; or the total dollar amount of all of the recipient's non-TAG assistance agreements from EPA in the current fiscal year is \$250,000, or more. The **New York State Department of Environmental Conservation** has negotiated the following, applicable MBE/WBE fair share objectives/goals with EPA as follows:

- for the New York Upstate Region MBE: Construction is 6%; Equipment, Supplies and Services are 8.8%.
- for the New York Upstate Region WBE: Construction is 6%; Equipment, Supplies and Services are 8.8%.
- for the New York City Region MBE: Construction is 21.5%; Equipment, Supplies and Services are 18.8%.
- for the New York City Region WBE: Construction is 13.7%; Equipment, Supplies and Services are 20.5%.

Negotiating Fair Share Objectives/Goals, 40 CFR, Section 33.404

If the recipient has not yet negotiated its MBE/WBE fair share objectives/goals, the recipient agrees to submit proposed MBE/WBE objectives/goals based on an availability analysis, or disparity study, of qualified MBEs and WBEs in their relevant geographic buying market for construction, services, supplies and equipment.

The recipient agrees to submit proposed fair share objectives/goals, together with the supporting availability analysis or disparity study, to the Regional MBE/WBE Coordinator within 120 days of its acceptance of the financial assistance award. EPA will respond to the proposed fair share objective/goals within 30 days of receiving the submission. If proposed fair share objective/goals are not received within the 120 day time frame, the recipient may not expend its EPA funds for procurements until the proposed fair share objective/goals are submitted.

SIX GOOD FAITH EFFORTS, 40 CFR, Part 33, Subpart C

Pursuant to 40 CFR, Section 33.301, the recipient agrees to make the following good faith efforts whenever procuring construction, equipment, services and supplies under an EPA financial assistance agreement, and to ensure that sub-recipients, loan recipients, and prime contractors also comply. Records documenting compliance with the six good faith efforts shall be retained:

- (a) Ensure DBEs are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities. For Indian Tribal, State and Local and Government recipients, this will include placing DBEs on solicitation lists and soliciting them whenever they are potential sources.
- (b) Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process. This includes,

whenever possible, posting solicitations for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.

(c) Consider in the contracting process whether firms competing for large contracts could subcontract with DBEs. For Indian Tribal, State and local Government recipients, this will include dividing total requirements when economically feasible into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.

(d) Encourage contracting with a consortium of DBEs when a contract is too large for one of these firms to handle individually.

(e) Use the services and assistance of the SBA and the Minority Business Development Agency of the Department of Commerce.

(f) If the prime contractor awards subcontracts, require the prime contractor to take the steps in paragraphs (a) through (e) of this section.

MBE/WBE REPORTING, 40 CFR, Part 33, Sections 33.502 and 55.503

The recipient agrees to complete and submit EPA Form 5700-52A, "MBE/WBE Utilization Under Federal Grants, Cooperative Agreements and Interagency Agreements" beginning with the Federal fiscal year reporting period the recipient receives the award, and continuing until the project is completed. Only procurements with certified MBE/WBEs are counted toward a recipient's MBE/WBE accomplishments.

The reports must be submitted semiannually for the periods ending March 31st and September 30th for:

-Recipients of financial assistance agreements that capitalize revolving loan programs (CWSRF, DWSRF, Brownfields); and

All other recipients not identified as annual reporters (40 CFR Part 30 and 40 CFR Part 35, Subpart A and Subpart B recipients are annual reporters).

The reports are due within 30 days of the end of the semiannual reporting periods (April 30th and October 30th). Reports should be sent to Michele Junker, the Region 2 DBE Coordinator. Final MBE/WBE reports must be submitted within 90 days after the project period of the grant ends. Your grant cannot be officially closed without all MBE/WBE reports.

EPA Form 5700-52A may be obtained from the EPA Office of Small Business Program's Home Page on the Internet at <http://www.epa.gov/osbp/grants.htm>.

BIDDERS LIST, 40 CFR, Section 33.501(b) and (c)

Recipients of a Continuing Environmental Program Grant or other annual reporting grant, agree to create and maintain a bidders list. Recipients of an EPA financial assistance agreement to capitalize a revolving loan fund also agree to require entities receiving identified loans to create and maintain a bidders list if the recipient of the loan is subject to, or chooses to follow, competitive bidding requirements. Programmatic Conditions

1. AUTOMATED STANDARD APPLICATION FOR PAYMENTS (ASAP)

The New York State Department of Environmental Conservation (NYSDEC), acting on behalf of the State of New York, agrees to accept payment from the United States Environmental Protection Agency (EPA) with funds to be made available from the FY 2011 Title VI allotment pursuant to the Clean Water Act, as amended, (the Act), in accordance with the below payment schedule established under Section 601(b) of the Act and will deposit all such payments into the State Revolving Fund (SRF) in accordance with Title VI. Payments, cash draws and disbursements are defined and in accordance with the Initial Guidance for the State Revolving Fund pursuant to 40 CFR Part 35 Subpart K and the Operating Agreement.

As per EPA's publication, EPA 430/09-88-009, dated July 1988, entitled, "Letter of Credit, How is it Used in EPA's State Revolving Fund Program", a payment in the SRF Program is an action by EPA to increase the amount of funds available for cash draw in the Letter of Credit (i.e. the ceiling). Through a payment, the EPA makes funds available to the State up to the amount of the capitalization grant. A payment is not a transfer of cash to the State but only an authorization making funds available for transfer to the State when a cash draw request is submitted. A payment schedule, indicating the timing and size of the payment or payments to be made will be entered into between EPA and the State. It will be based on the State's projection of binding commitments, the rules for cash draws and the use of the funds.

In consideration of the above, payment from the ASAP shall be made in accordance with the following schedule. Future cash draws may not exceed the amount shown below:

\$31,440,394 (Projects): May 2011*
Award Amendment #0 reflects partial funding of \$31,440,394 under "Project" costs only, no funding under Administrative costs.

**** Upon receipt and acceptance of Grant Agreement.***

2. CASH DRAW REQUIREMENTS

The NYSDEC agrees to the following conditions in accepting this Grant Agreement under the ASAP method of financing:

- (a) Cash draws made pursuant to 40 CFR 35.3160(b)(2) must be disbursed to refinancing recipients within three days of OSC cash draw.
- (b) All other cash draws will be made only to meet immediate disbursement needs. The three day disbursement requirement is in accordance with the ASAP Payment System.
- (c) NYSDEC shall provide timely reporting of cash disbursements and balances as required by the ASAP Manual.

3. GENERAL ADMINISTRATIVE REQUIREMENTS

NYSDEC agrees pursuant to 40 CFR Part 35, Subpart K, to administer the State Revolving Fund program in accordance with the terms, agreements, assurances and representations made within the

Operation Agreement, the Intended Use Plan and the original application for Federal assistance dated September 29, 2010. The scopes of work for this Grant shall be the projects listed in the FY 2011 Intended Use Plan, dated October 2010, as amended March 2011.

4. PROGRAM INCOME/ADMINISTRATIVE FEES

In accordance with 40 CFR §31.25(g)(2), the recipient is authorized to add program income generated under this agreement to the funds committed to the grant agreement by EPA and the grantee. Fees classified as program income are authorized to be used for eligible CWSRF project assistance, administration of the CWSRF program and for State Match. In addition to the purposes authorized for program income fees, fees classified as non-program income may be used for various general water quality program purposes. All fees shall be audited annually and reported on in both the Intended Use Plan and the Annual Report.

5. STATE MATCH

In accordance with 40 CFR §35.3135(b), NYSDEC shall provide at least 20 percent matching share of the Federal funds awarded. The NYSDEC must provide its proportional cash match at the time it draws Federal funds unless NYSDEC draws all of its match fund before drawing any Federal funds.

6. PRE-AWARD COSTS

NYSDEC may charge pre-award costs (both Federal and non-Federal matching shares) incurred from the beginning of the funding period established in the grant agreement (10/01/2010) provided that such costs were contained in the approved application. The pre-award costs must be in conformance with the requirements set forth in OMB Circular A-87 and with applicable Agency regulations, policies and guidelines.

7. PAYMENT TO INDIVIDUAL CONSULTANTS

EPA participation in the salary rate (excluding overhead) paid to individual consultants retained by recipients or by a recipient's contractors or subcontractors shall be limited to the maximum daily rate for a Level IV of the Executive Schedule (formerly GS-18), to be adjusted annually. This limit applies to consultation services of designated individuals with specialized skills who are paid at a daily or hourly rate. As of January 1, 2011, the limit is \$596.00 per day and \$74.50 per hour. This rate does not include transportation and subsistence costs for travel performed (the recipient will pay these in accordance with their normal travel reimbursement practices).

Subagreements with firms for services which are awarded using the procurement requirements in 40 CFR 30 or 31, as applicable, are not affected by this limitation unless the terms of the contract provide the recipient with responsibility for the selection, direction, and control of the individuals who will be providing services under the contract at an hourly or daily rate of compensation. See 40 CFR 31.36(j) or 30.27(b).

8. CLEAN WATER NATIONAL INFORMATION MANAGEMENT SYSTEM (CWNIMS)

Unless the event(s) are specified in the approved workplan, the recipient agrees to obtain prior approval from EPA for the use of grant funds for light refreshments and/or meals served at meetings, conferences, training workshops, and outreach activities (events). 2. A description of the purpose, agenda, location, length and timing for the event.
3. An estimated number of participants in the event and a description of their roles.

Recipients may address questions about whether costs for light refreshments, and meals for events are allowable to the recipient's EPA Project Officer. However, the Agency Award Official or Grant Management Officer will make final determinations on allowability.

Note: U.S. General Services Administration regulations define light refreshments for morning, afternoon or evening breaks to include, but not be limited to, coffee, tea, milk, juice, soft drinks, donuts, bagels, fruit, pretzels, cookies, chips, or muffins. (41 CFR 301-74.11).

10. SUFFICIENT PROGRESS

EPA may terminate the assistance agreement for failure of the recipient to make sufficient progress so as to reasonably ensure completion of the project within the project period, including any extensions. EPA will measure sufficient progress by examining the performance required under the workplan in conjunction with the milestone schedule, the time remaining for performance within the project period, and/or the availability of funds necessary to complete the project.
